## LEGAL AID COVERAGE

### WHY DO YOU NEED LEGAL AID?

In Mexico a traffic accident is considered a felony. It is very possible that you will be detained by the authorities and your vehicle impounded until they conclude your investigation. The Legal Aid Service helps prevent this. With one phone call a legal representative will come to your assistance and negotiate your immediate release, as well as the release of your vehicle. The Legal Aid Service was designed to cover the legal requirements that arise from a vehicle accident. The service is included in any type of policy we issue.
