DRIVER'S LICENSE POLICY

A Driver's License policy provides Liability Only Coverage, including Legal Aid and Bail Bond. Therefore, a Driver's License policy will exclude coverage for collision damage and theft of your own vehicle, along with Medical Expenses to occupants. A Driver's License policy is for motorcycles, ATV's or for driving multiple vehicles for liability only. It is not needed when insurance coverage is on a specific vehicle.

Risk 3 & 4 Civil Liability: This coverage protects you in the event you cause bodily injury or property damage to third parties. Coverage is \$500,000 USD combined single limit for damages you cause to others. This does not provide coverage for passengers of the insured vehicle

Bond and Legal Assistance: This policy will pay up to \$ 20,000 USD to assist you in the event you need to deal with authorities following a covered cause of loss.

TRAVEL AID

Travel Aid is included in all vehicle policies, Standard or Premier. Travel Aid is available for purchase with a Drivers License Policy. Travel Aid is not available for an In Water Boat Liability Policy

The company will be the secondary party responsible, after the Client's primary coverage has been applied and exhausted. The company then will become the primary responsible entity.
